

## Qualmark Corp Acquires Hobbs Engineering as New Knowledge and Education Division

November 01, 2016 – Denver, CO, USA - Qualmark Corporation is pleased to announce the acquisition of Hobbs Engineering which took effect September 15, 2016.

Hobbs Engineering is the worldwide leader in HALT/HASS education through seminars, webinars, and published content delivered by Reliability industry professionals with extensive expertise. The Hobbs Engineering education and training curriculums will augment the Qualmark Professional Services HALT/HASS application methodology training and services enhancing the complete Reliability solutions for Qualmark customers.

Virginia Hobbs, co-founder of Hobbs Engineering and Qualmark Corporation, stated, “By coming full circle and combining the capabilities of Hobbs Engineering Reliability education services and Qualmark’s technology leading Typhoon and QFusion, HALT/HASS chamber product line will offer the most complete Accelerated Stress Testing solutions available.”

Qualmark will host a Hobbs Engineering seminar at the Denver, CO facilities – HALT & HASS + Workshop - December 6<sup>th</sup> and 7<sup>th</sup> 2016. Please visit <https://hobbsengr.com/events/> for information and registration.

###

### **About Qualmark:**

[Qualmark Corporation](#), a wholly owned subsidiary of ESPEC Corp., has been one of the leading manufacturers of accelerated reliability test equipment worldwide since pioneering the technology in the early 1990s. Its patented HALT (Highly Accelerated Life Test) and HASS (Highly Accelerated Stress Screen) chamber systems are recognized as one of the fastest and most effective disciplines for design reliability testing and production screening for electronics and electro-mechanical equipment. Qualmark is the knowledge leader in accelerated stress testing methods with over 5,000 HALT/HASS tests conducted in Qualmark's lab facilities and worldwide installations of over 1,500 systems in 34 countries in such diverse industries such as Aerospace, Consumer Electronics, Enterprise Systems, Medical, Sustainable Energy and Telecommunications.
